W. B. Stanfield of Mayfield, was in the city today on business.

Mrs. John Burradell has returned from a visit to her parents at Burnham, Ky.

NEGRO BAD LANDS

Cleaned Out By Posse and Hostilities Are Reported.

New Orleans, July 17.—The work of a remarkable city house-cleaning party, which placed 150 negro men and women on board a passenger train at Lake Charles, La., and shipped them out of the town and parish, is told in dispatches to the Picayune.

They were placed on the same train with the body of a negro who last week shot and killed the city marshal of Jennings, La., and who subsequently died in jail at Lake Charles from wounds received while attempting to avoid arrest. Shortly before midnight, the negro tenderloin, known as the "hole in the wall" was invaded by several hundred white men, including some members of the state militia on their way to the annual state encampment.

MONEY TO LOAN.

The Mechanics' Building and Loan Association will loan you money to build you a house or release the mortgage on your house, at six per cent.

E. G. BOONE, President.

F. M. FISHER, Secretary.

Included in this year's budget of the town council of Santa Cruz, Tennessee, was a tax on the ringing of church bells, at the rate of 20 cents a chime, but the civil governor vetoed the scheme.

San Francisco, July 17.—San Francisco is arising from its ashes with a rapidity that surprises all, and is progressing on all sides. The labor situation is exciting much interest and inquiry and the California promotion committee, after careful investigation and conference with employers and employees through the building trades council, with which all building trades are affiliated, and the builders' exchange and builders' association, representing the employers, contractors and material men, has ascertained that in the building trades mechanics are needed in all departments.

Mr. Edward Scott will leave Wednesday for a visit in Washington, D. C., and New York city.

RIVER NEWS

River Stages.			
Cairo	18.2	0.0	at'd
Chattanooga	8.8	0.1	rise
Cincinnati	7.3	0.2	fall
Evansville	5.8	0.1	fall
Florence	5.7	0.7	rise
Johnsonville	6.9	0.0	at'd
Louisville	3.3	0.1	fall
Mt. Carmel	1.4	0.0	at'd
Nashville	8.6	0.5	rise
Pittsburg	0.3	0.8	rise
Davis Island Dam—missing.			
St. Louis	14.7	0.3	fall
Mt. Vernon	4.7	0.1	rise
Paducah	7.3	0.1	fall

The government prediction was for a ten foot stage at Chattanooga which would result in a 12 or 15 foot stage at Florence. That would bring the river up probably to 10 feet here and to the danger line at Florence. This morning the gauge registered a fall of .1 in the last 24 hours. The stage is 7.3 feet at this point.

The City of St. Louis will be due out of the Tennessee river this evening on the return trip to St. Louis. As the rise mainly is in the Tennessee river, the St. Louis packets, which are large boats will have a good stage of water.

The Clyde arrived yesterday afternoon from the Tennessee river and left after unloading here for the lower Ohio river points. Mr. Eugene Robertson, the clerk of the Clyde, has returned from his honeymoon and will resume his work on the next trip out, Wednesday. Capt. Frank Brown who has filled his position will resume his duties as wharfmaster, and John Street will go back to the night position now being filled by George Brown.

The Savannah left St. Louis last night for the Tennessee river and will arrive here Wednesday morning.

The John Hopkins was the regular Evansville packet today.

The Dick Fowler left on time for Cairo this morning and will be due to return tonight at 8 o'clock.

The Dunbar will arrive early in the morning from Clarksville and leave Wednesday at noon for the same point unless the rains have made a sufficient depth of water to go to Nashville.

Advices from New York state that Joseph Clark, who is the executive head of several electric railroads in Northern Missouri, is organizing a company to operate steel passenger steamers on the Mississippi river between St. Louis and St. Paul. Mr. Clark has departed from New York, after seeing off for Europe a prominent St. Louis capitalist whom he has interested in the enterprise. Mr. Clark's plan is to build, equip and operate at least nine steel-hull steamboats of a new design. Each vessel will cost, with equipment, about \$100,000. Three boats will be run between St. Louis and New Orleans, three between St. Louis and St. Paul, two between St. Louis and Monticello Park, and at least one from the landings of the Illinois traction system at St. Louis and Venice. The steel-hull steamboats to be operated between St. Louis and New Orleans and between St. Louis and St. Paul will not haul freight. They will be run exclusively in the passenger service, making quick time and offering exceptionally attractive accommodations. Negotiations have progressed so far, it is said, as to assure the organization of a company with a capital of \$1,000,000. The plans signify a movement to revive passenger traffic by steamer on the Mississippi river and steamboatmen say that the business done at present is a reliable indication that the project should be successful.—Courier-Journal.

Official Forecasts.

The Ohio from Evansville to Paducah, not much change during the next 24 hours. At Cairo will continue rising during the next 12 to 24 hours.

The Tennessee at Florence will continue rising during the next two days. At Johnsonville, will commence rising again tonight.

The Mississippi from below St. Louis to above Cairo, will continue falling during the next 24 hours.

WORKMEN WANTED.

Jobs for All Who Will Apply at San Francisco.

San Francisco, July 17.—San Francisco is arising from its ashes with a rapidity that surprises all, and is progressing on all sides. The labor situation is exciting much interest and inquiry and the California promotion committee, after careful investigation and conference with employers and employees through the building trades council, with which all building trades are affiliated, and the builders' exchange and builders' association, representing the employers, contractors and material men, has ascertained that in the building trades mechanics are needed in all departments.

Mr. Edward Scott will leave Wednesday for a visit in Washington, D. C., and New York city.

Reinstate Bravo Admiral. St. Petersburg, July 17.—It is understood that Admiral Rojstvensky, who was acquitted by court martial of the charge of cowardice in surrendering to the enemy after the battle of the Sea of Japan, will be restored to the active list of the navy and assigned to a prominent position on the technical committee of the navy.

"The real extravagance of the South African war, which cost £250,000,000, was the unpreparedness," said Lord Roberts the other day, in addressing a meeting of London merchants and financiers.

Some folks never think of coals of fire until August, nor of cups of cold water until December.
